ORDER No. S. R. 2604-95—L. W. 52-47-6, DATED BANGALORE,  
THE 7TH DECEMBER 1948.

Labour Department was constituted in the year 1941 for the purpose of administering the Laws relating to Labour and a skeleton staff was sanctioned and continued from time to time. In 1945 the laws relating to Labour were permanently placed on the Statute Book and proposals sanctioned for making the Department permanent and pensionable. For the first few years of its working the Department was directed by the Director of Industries and Commerce as *Ex-Officio* Commissioner of Labour but it is now in charge of a wholetime Commissioner. The additional appointment of a Headquarters Assistant to the Commissioner as well as a revision of the strength and scales of pay of the staff was sanctioned in 1945. Even then the scope of the expanding activities of the Department could not be gauged due to war conditions and it was only a skeleton staff with the old prevailing scales that were sanctioned in 1945. With the conclusion of the War the policy envisaged by the I.L.O. for tackling post-war labour problem and the programmes pursued by the Government of India underwent substantial changes and it became necessary for Indian Provinces and States also to

strengthen their labour organisation so as to enable themselves effectively to co-ordinate their own policies with those of the Central Government and also to implement the policies and programmes of the I.L.O. It also became necessary for this Government to concert measures calculated on the one hand to allay the fears of the working classes and on the other to help the Government in securing the co-operation between Capital and Labour whose mutual and lasting goodwill is essential for maintaining industrial peace and promoting national prosperity.

2. In pursuance of these objects the Commissioner submitted several proposals for the re-organisation of the Department and these were thoroughly examined at various stages and levels with particular references to the extra staff required and the expenditure that have to be sanctioned. With a view to keeping the cost of the re-organisation as low as possible it was proposed that one officer who was of the status of a Deputy Commissioner and was doing duty as Headquarters Assistant to the Commissioner be permitted to revert to the general line, that another senior officer of the status of an Assistant Commissioner, who was working as Deputy Director of Resettlement, be transferred as Headquarters Assistant, and that an Amildar might be put in charge of the Employment Exchange.

3. The main points of the scheme as finally proposed for sanction are the following :—

*Commissioner.*—The existing arrangement of a full-time Labour Commissioner may continue.

*Headquarters Assistant.*—The Headquarters Assistant to the Commissioner will hereafter be an Assistant Commissioner (Civil Service) or a Senior Assistant Commissioner. He will, under instructions from the Labour Commissioner, be in charge of the general supervision of the Commissioner's Office and co-ordination of work of all its sections and of cash, accounts, establishment, registration, despatch, stationery, records, furniture, etc., and attend to any other work that may be entrusted to him by the Labour Commissioner.

*Other Gazetted Staff.*—The Commissioner of Labour will have the assistance of the following additional gazetted Officers :—

Conferences (Legislative portion), Labour Welfare Board, Library, and to attend to any other work that may be entrusted to him by the Labour Commissioner.

(2) *Labour Information Officer and Editor, "Labour Gazette."*—To be in charge of editing the monthly *Labour Gazette*; Labour Intelligence; Local Labour Conferences (Publicity portion); Supply of Information; Issue of Pamphlets in Kannada and Tamil, etc., and to attend to any other work that may be entrusted to him by the Labour Commissioner.

(5) *Office Assistant.*—To be in charge of Administration, Registration of Associations; Settlement of Standing Orders; Notices of change; Shops and Establishment Act; Arbitration stage of notices of change; Arbitration Courts and Tribunals; Implementation of Awards; Elections to Associations; Strikes and lock-outs; Supervision of

Divisional Offices; Petitions relating to dismissals; Dismissal and re-instatement of employees; and to attend to any work that may be entrusted to him by the Labour Commissioner.

(6) *Assistant Commissioners of Labour.*—As Assistant Commissioners of Labour who are now in the grade Rs. 150—25/2—250 will for the present continue in the grade pending the issue of general orders, if any, revising grades of the lower gazetted staff of the several departments with reference to the recommendations of the Mysore Revision Committee and particularly with reference to the Assistant Commissioners since the status of Assistant Commissioners of Labour has been recognised as being analogous to that of Amildars.

(7) *Labour Divisions.*—There are now four Assistant Commissioners in charge of Labour Divisions including the newly formed Division at Bhadravati. The Assistant Commissioner of Labour in charge of the Mysore Division has jurisdiction over Hassan, Chikmagalur, Mysore, Mandya Districts and the Assistant Commissioner of Labour in charge of the Bhadravati Division will have jurisdiction over the Shimoga and Chitaldrug Districts.

(8) *Plantation Labour Assistant.*—A new division will be called the Plantation Division will be opened hereafter with headquarters at Chikmagalur. The Plantation Labour Assistant will have the assistance of an Employment officer of the grade of a Senior Investigator on Rs. 100—10—150. So action will be taken to enlist the co-operation of the Plantations concerned in the shape of contributions to the cost of maintenance of this division.

(9) *Labour Welfare Officers.*—The principle of departmentally trained Labour Welfare Officers to Government owned and aided industrial concerns having been approved, action will be taken to post such officers to the following concerns, viz., Mysore State Railway (one at Bangalore and another at Mysore), the concerns at Bhadravati the Government Implement Factory at Hassan in addition to those already functioning at the Mysore Sugar Factory, Mandya, and the Government Porcelain Factory, Bangalore.

4. The Labour Commissioner is requested to examine the need for the appointment of Labour Welfare Officers to other industrial concerns like the Cigarette Factory at Bangalore and submit suitable proposals including the question of office staff for working under them.

5. *Employment Exchange.*—The Employment Exchange which also is working under the direction and control of the Commissioner of Labour will hereafter be designated as the "All Mysore Employment Bureau." The details relating to the status and pay-scale of the officer to be in charge of this office will be separately considered in connection with a proposal to re-organize the Employment Exchange.

6. The Financial implications of the proposed re-organisation have been estimated at Rs. 23,976 per annum. This estimate provides, on the one hand, for a minimum staff (Clerical and Menial) required for work under the Commissioner of Labour proposed to be appointed afresh, e.g., the Assistant Commissioner of Labour in charge of the Plantation Division and on the other, for the constitution of a separate Labour Branch in the Secretariat (at a cost of Rs. 16,344 per annum consisting of an Assistant Secretary (on a tenure basis), Superintendent; 4 Clerks (2 in the higher grade and 2 in lower), a Steno-typist, a Typist, a Diarist (and Librarian despatcher (and Recorder), and the usual menial staff.

7. Government are pleased to sanction these proposals. The existing establishment of the Department and revision thereof as sanctioned in this Order are detailed in statement annexed hereto.

8. The Commissioner of Labour is requested to take expeditious action to implement this order.

9. The expenditure on account of this re-organisation will be debited to the lumpsum provision of Rs. 10 lakhs made in the current year's Budget under "28-A, Department of Labour and Labour Welfare." The Comptroller to Government is requested to provide funds to the necessary extent in future budgets.
